

Mobile Application Developer with 5+ years of experience building and maintaining cross-platform mobile and web applications using **React Native** and **Flutter**. Experienced in JavaScript, Dart, RESTful API integration, MySQL-driven data layers, native device capabilities, CI/CD, unit testing, bug fixing, UI/UX implementation, QA, and release management. Delivered production applications across education, healthcare, and language-learning domains for iOS and Android.

WORK EXPERIENCE

Software Developer

Jun 2019 – Present

Codesap Pvt. Ltd · CyberPark, Kozhikode, India

- Developed and maintained cross-platform mobile applications using React Native and Flutter, deployed to both iOS and Android.
- Contributed across the full product lifecycle, from requirement analysis and UI/UX implementation to QA and release management.
- Worked across 4 live products spanning EdTech, healthcare, and language learning.
- Integrated RESTful APIs and managed MySQL-driven data layers in collaboration with backend teams.
- Integrated native device capabilities such as GPS, camera, and device sensors where required.
- Worked with CI/CD pipelines and app deployment processes for mobile releases.
- Performed unit testing, bug fixing, debugging, and performance-focused improvements to maintain application quality.
- Worked in agile, product-oriented development environments with strong problem-solving and collaboration skills.

SELECTED PROJECTS

EDTECH · SCHOOL MANAGEMENT

Edusap

Comprehensive school management platform covering admissions, attendance, timetables, fee management, and parent-teacher communication in a mobile-first application.

React Native

MySQL

EDTECH · LANGUAGE LEARNING

SpeakEasy

English learning application with structured lessons, interactive exercises, and pronunciation-focused learning feedback.

Flutter

Dart

EDTECH · NEET COACHING

DOPA

NEET coaching platform with study materials, mock tests, performance analytics, and live class support for medical entrance aspirants.

React Native

JavaScript

TECHNICAL SKILLS

EDUCATION

Diploma in Computer Engineering

2016 – 2019

HHM JDT Islam Polytechnic College, Kozhikode

Higher Secondary (Science/IT)

2014 – 2016

GHSS Nayarkuzhi, Kerala · 86%

Secondary School (SSLC)

2011 – 2014

PTMHS Kodyathur · 80%

ACADEMIC PROJECTS & ACTIVITIES

- Hospital Management System
- Event Management System
- Placement App
- Team Leader — Final Year Project
- NSS Volunteer
- Captain, IT Club
- School IT Leader

CERTIFICATION

National Service Scheme (NSS) · 2018

LANGUAGES

English — Professional

Malayalam — Native

Hindi — Conversational

CORE STRENGTHS

- Problem-solving and attention to detail
- Unit testing, bug fixing, and debugging
- RESTful API integration and mobile data handling
- Native device integration (GPS, camera, sensors)
- CI/CD pipelines and mobile app deployment
- Agile collaboration and product-oriented development
